ACKNOWLEDGEMENTS

I wish to thank the all the conference participants and the following friends of CEIMSA (*The Center for the Advanced Study of American Institutions and Social Movements*) who have steadfastly leant critical support these past years to my investigations into the political realities of our times during the “New World Disorder”:

Annie Bingham
Elisabeth Chamorand
Ronald Creagh
Jeanne-Henriette Louis
Marc Ollivier
Tangue Pichetto

And a special thanks to my Nanterre colleagues, without whom this book would not have been possible, Pierre Guerlain, Director of *Le Groupe de Politiques Américaines* (PA) and Emily Eells, Director of *Le Centre de Recherches Anglophones* (CREA).

An finally, an expression of my warm appreciation to my family in Grenoble: Tatiana, Fiona, and Michelle, who generously accorded me the time to complete this project.
